## BLACK WOMEN'S RIGHTS: LEADERSHIP AND THE CIRCULARITIES OF POWER

By Carole Boyce Davies

### ABOUT THE BOOK

This book studies the manifestation of leadership as expressed, narrativized, and represented by women of African descent. It uses the language of “rights” and “power” to assert that Black women find strategic alternatives to the male-dominated leadership status quo and are the leaders of the future.

### ABOUT THE AUTHOR

**Carole Boyce Davies**, an endowed professor of Africana Studies and Literatures in English at Cornell University, is a leading scholar of African Diaspora, Black feminist theories and literatures, and Black women's writings internationally.

"An authoritative and compelling articulation of historical, political, legal, social, creative, and ubuntu-responsive conceptions and navigations of power, leadership, and empowerment by women of African descent."

— **Besi Brillian Muhonja, James Madison University**

"Carole Boyce Davies always escorts us across the geographical borders that routinely impede the development of global engagements with transformative ideas, especially theories and practices generated by Black women. This study of the politics of Black women's leadership—in Africa, Europe, the Caribbean, as well as North and South America—is yet one more example, an impressive work for its unusual expansiveness and interdisciplinary grounding in such literary genres as memoir, autobiography, and political writing."

— **Angela Y. Davis, University of California, Santa Cruz**

"Boyce Davies challenges readers to reimagine the complexities of our engagements and entanglements with racist and patriarchal paradigms in various historical periods. Included are provocative interviews and rare portraits of powerful Black women—if maligned or neglected—including 'alternative president' Winnie Mandela (South Africa), Madame President Ellen Johnson Sirleaf (Liberia), and Congresswoman Shirley Chisholm (U.S. presidential candidate)."

— **Beverly Guy-Sheftall, Women's Research & Resource Center at Spelman College**

"Carole Boyce Davies has proved again why she remains one of the most respected Black feminist literary theory scholars of her generation. She continues her quest in this volume by referencing the experiences of Black women in power through biographical and autobiographical reflections, speeches, and essays to reveal why the struggle for leadership and power for Black women still continues in the 21<sup>st</sup> century. This brilliant volume reaffirms Boyce Davies as an authority on the theory of radical transnational Black women and power."
